Policy 102(3)-1—National Coaching Program

Section 1. United States Soccer Federation Coaching Courses

The United States Soccer Federation (“Federation”) shall issue coaching licenses and these courses shall be conducted solely by the Federation except as provided in Subsection B below. The course contents and all policies governing all Federation licensing and certificate courses will be determined solely by the Federation.

- (A) The minimum age requirement for A, B, and C courses is 18. The minimum age requirement for D, E, and F course is 16. Further, entry to the E course requires an F license; entry to the D course requires an E license held for a minimum of 6 (6) months; entry to the C course requires a D license held for a minimum of twelve (12) months; entry to the B course requires a C license held for a minimum of twelve (12) months; and entry to the A course requires a B license held for a minimum of twelve (12) months, except as follows:
 - (1) A player or coach with three (3) years’ experience on the Men’s or Women’s Senior National Team and three (3) years coaching experience may apply for entry into a C course upon submitting proper documentation of his/her playing and/or coaching background. All waiver cases require the final approval of the Federation.
 - (2) A player or coach with at least five (5) years’ experience on the Men’s or Women’s Senior National Team and five (5) years’ coaching experience may apply for entry into a B course upon submitting proper documentation of his/her playing and/or coaching background. All waiver cases require the final approval of the Federation.
 - (3) A professional player or former professional player with at least five (5) years’ experience in a professional league, as defined in Federation Bylaw 109, and five (5) years’ coaching experience may apply for entry into a B course upon submitting proper documentation of his/her playing and coaching background. All waiver cases require the final approval of the Federation.
 - (4) An individual with a license of another FIFA national association that has been confirmed in writing by that national association may apply for entry into the course deemed appropriate by the Federation.
- (B) State Associations (youth, adult, or joint) are permitted to conduct C, D, and E courses through their state coaching programs with approval and oversight by the Federation. The C course may also be conducted by a State Association upon permission of the Federation. Other Organization Members may also be permitted to conduct C, D, and E courses upon request and approval by the Secretary General.
- (C) The A license is valid for a period of four (4) years after which time it must be renewed through the then current Federation continuing education program.

Coaches with an expired A license will not be eligible to hold a state, regional, or national coaching position and must retake and pass the full A license course to regain the license. Coaches with an expired A license will thereafter hold a B license.

Section 2. State Director of Coaching or Technical Director

Each Youth or Joint State Association shall have a State Director of Coaching or a State Technical Director (hereafter referred to only as “State Director of Coaching”). The State Director of Coaching is responsible for (1) conducting D and E courses to meet the needs of the State Association’s coaching population, and (2) ensuring the courses follow Federation course requirements and policies. The State Director of Coaching may conduct these license courses or supervise course instruction by state coaching instructors.

- (A) The State Director of Coaching:
 - (1) shall, subject to subsection (B), be appointed by the Youth or Joint State Association President;
 - (2) shall be in good standing with the Federation and its Organization Members;
 - (3) shall hold current A license for a minimum of one (1) year. In the absence of a qualified coach having an A license, a B licensed coach may be named as “Acting State Director of Coaching” for a period of one (1) year during which time the coach must successfully be issued an A license to retain the position and be named State Director of Coaching. An A licensed coach who has been certified for less than one (1) year may be named “Acting State Director of Coaching” until the (1) year period has been reached at which time the full title of State Director of Coaching may be given; and
 - (4) must have confirmation by the Federation that the criteria listed in clauses (1)–(3) are met.
- (B) Procedure
 - (1) The Youth or Joint State Association President emails the proposed State Director of Coaching appointment with required references to the Federation for confirmation; and
 - (2) On receipt of confirmation, the coach is so appointed and the Youth or Joint State Association President may announce the appointment.
- (C) The State Director of Coaching is required to remain current on all content and policies by participating in all Federation workshops specific to the program.
- (D) Each State Youth or Joint Association must submit current directory information to the Federation National Office at least annually and immediately upon change for all State Directors of Coaching and state coaching administrators. If a State Director of Coaching is not in place, an “acting” State Director of Coaching must be designated by the Youth or Joint State Association and approved by the Federation before that Youth or Joint State Association may conduct any further courses.

Section 3. State Coaching Instructors

State coaching instructors must hold an A license. These instructors may conduct D and E courses only under the direction of the State Director of Coaching or Federation. State Associations (youth, adult, or joint) may make a request to the Federation for an exception if an instructor does not have the required A license.

Section 4. State Association Reporting Requirement

Each State Association will, at a minimum, submit records via email, in a format designated by the Federation, to the Federation of new D and E licenses issued to coaches by January 31 for the preceding calendar year.

Section 5. Exclusivity of Federation Licenses and Certificates

Under no other circumstances than as provided in this policy may Federation approved licenses or certificates be issued or coaching courses be administered.

The Committee may authorize the organization or organizations within a category of competition to establish procedures for determining the winners within that category of competition. If the

Committee so authorizes, the organization or organizations must submit its procedures to the Committee by a deadline established by the Committee for prior approval by the Committee.

Section 202. Team eligibility

(a) To enter the Open Cup, a team must be an outdoor soccer team based in the United States and a regular playing member in good standing competing in an ongoing league competition of an Organization Member of the Federation, with said league competition and Organization Member also in good standing with the Federation. Such league competition must be regularly scheduled (i.e. not infrequent) each year and formatted such that member teams play games against fellow members, with only these results (i.e. league matches) used to determine a set of standings or ranking table. The league competition must consist of at least four (4) teams, with each playing at least ten (10) league matches (excluding any pre-season and/or post-season playoff or cup matches) each calendar year.

(b) Division I, II and III Outdoor Professional League Teams:

(d) For the purpose of this Policy, any team having not played in its league's regular competition for the full season ending immediately prior to the entry deadline for its respective competition division (e.g. Open Division, Outdoor Professional League) shall be considered a team starting its first season, whether in an existing or new league.

(e) Any Outdoor Professional League Team that is majority owned by a higher-level Outdoor Professional League Team, any Outdoor Professional League Team whose player roster is materially managed by a higher-level Outdoor Professional League Team, or any team that is majority owned by an Outdoor Professional League team, (2) registered with any Open Division League, and (3) registered as a professional team, shall be ineligible to participate in the Open Cup. The Open Cup Commissioner shall circulate a list of proposed ineligible teams for review by the Open Cup Committee. The Open Cup Committee shall review and determine team eligibility annually pursuant to this provision and report its decisions to the National Board of Directors.

(a) Teams entering the Open Cup shall use their official league roster as their Open Cup roster. Except as specified in this Policy or except as the result of discipline matters imposed by U.S. Soccer, all players on an official roster will be eligible for Open Cup competition, regardless of any status (e.g., injured reserve) each player may have with regard to league competition. Players on loan from another team or league may not be included on an Open Cup roster, with the exception of the following: 1) Loaned players originating from teams competing in leagues that are not active participants in the Open Cup Tournament or qualifying process (professional indoor leagues, foreign clubs, etc.); 2) players on loan from other US clubs for a period of greater than 90 days; or 3) players from teams who have been deemed ineligible for the current Open Cup competition due to the provisions of Section 202(d) and are loaned to the team exercising roster control pursuant to Section 202(d). - (b) Roster rules for competing teams:

qualifying rounds: Each team shall submit its roster, together with additional player information that has been requested, to the Open Cup Commissioner by a date set by the Open Cup Committee. (ii) For teams entering the tournament after all Open Division qualifying rounds have concluded: Two weeks prior to the first Open Cup Round in which a team participates, that team shall submit to the Open Cup Commissioner its Open Cup roster, together with additional player information that has been requested by the Commissioner. A team's Open Cup roster shall not be frozen at any time during the competition. For Open Cup matches, a team may add players to or drop them from its league roster under the league rules currently in place. Any changes to a team's roster must be communicated to the Open Cup Commissioner and all clearances obtained, including approval from U.S. Soccer's player registration department, no later than 2 p.m. CT on the first business day prior to any Open Cup match in order for such changes to be in effect for said match.

(c) Any player who plays in any part of an Open Cup match for a team, including any match in any Open Division qualifying round, may not be included in the Open Cup roster or play for any other team in the Open Cup competition for that competition year.

(d) If any team plays an ineligible player in an Open Cup match, that team is subject to fines or other penalties, including game forfeiture, as determined by the Adjudication and Discipline Panel.

Section 204. Entering the Cup

(a) To compete in the Open Cup, a team must apply each year, on a form provided by the Federation, and pay an entry fee with the application for each year the team enters the competition. The entry fee shall be paid by cashier's check or money order made payable to "USSF". The application and entry fee must be submitted to the Federation by the deadline established by the Open Cup Committee. The Committee may establish different entry deadlines for different categories of competition. The Committee may also establish a requirement for teams entering the competition to submit a performance bond in a form and at levels as the Committee may deem appropriate.

(3) Each Division II Outdoor Professional League team	\$600
(4) Each Division I Outdoor Professional League team	\$700

PART III — PLAYING RULES

Section 301. FIFA Laws of the Game

FIFA Laws of the Game apply to Open Cup competition matches. If changes to the Laws are adopted to be effective after matches are first played involving any Division I, Division II or Division III Outdoor Professional League teams, those changes will apply to the next Open Cup competition and not the competition in progress.

Section 302. Player uniforms

- (a) When the uniforms of 2 competing teams are similar, as determined by the referee, the visiting team shall change its uniform.
- (b) A clear visible number, at least 8 inches high, must be worn on the back of each player's jersey. Each player on a team must wear a number different from the numbers of the other players on the same team.

Section 303. Match play

- (a) Each team will be allowed to select not more than 18 players from its official league roster who shall be designated for its match day roster. No later than 60 minutes prior to the start of the match, each team will provide to the referee and the other team a match day roster designating not more than 11 starting players and the other players (not more than 7) as the pool of players from which substitutions may be made. A team may use not more than 3 substitutes from its match day roster. Once a player leaves the match and is replaced by a substitute, the player leaving may not re-enter the match. A player originally selected for the match day roster of up to 18 who is deemed not able to play may be replaced prior to kickoff by another player on the team's official league roster with the consent of the referee and will not be eligible to compete in the match in which he was replaced. The replacement of such a player (if originally listed as a starting player) shall not reduce the number of substitutions available to his team. The referee shall communicate any such change to the opposing team.
- (b) Each match shall be comprised of two 45-minute halves, with a halftime interval not to exceed 15 minutes. If the match is tied at the end of the second half, there will be a five-minute break followed by two 15-minute overtime periods, with a one-minute interval between periods for teams to change ends of the field. If the match is still tied at the end of the two overtime periods, the winner will be decided by kicks from the penalty mark as described in the FIFA Laws of the Game. If, in the opinion of the Match Commissioner, there may not be sufficient light to safely complete both overtime periods and kicks from the penalty mark, the Match Commissioner (in consultation with the referee) may shorten the overtime periods by equal amounts, shorten the break between regulation and overtime periods, and/or cancel the overtime periods entirely. Such a decision must be made and communicated to the teams no later than the start of the first overtime period.
- (c) The referee will keep the official time of the match. However, the scoreboard shall count up from 00:00 to 45:00, if possible.
- (d) The team or the Federation hosting the match shall provide the ball for the match. In the event that the game is to be televised, the Federation may elect to provide the ball.

- (e) Each team shall have no more than 7 players and 7 coaches or team officials in its Technical Area. The name of each coach and team official shall be included on the roster sheet provided to the referee before the match.

Section 304. Match officials

The Federation will assign all match officials, and determine the amounts of compensation for them, for all Open Cup matches except for those matches assigned by the Open Cup Committee to be overseen by an Organization Member of the Federation.

Section 305. Player and team official match discipline

- (a) In addition to red and yellow cards the referee may issue to players and substitutes at a match, the referee also has the power to warn or show yellow or red cards to team officials who fail to act in a responsible manner and may send them off from the field of play and its immediate surroundings, including the technical areas and tunnel(s) to/from the locker rooms. If the offender from a specific team cannot be identified, the head coach present from that team will receive the yellow or red card. Each caution or send-off of a player, substitute and team official shall be included in the referee's game report.
- (b) If any individual referred to in subsection (a) is issued--
 - (1) a red card, including a red card as the result of being issued 2 yellow cards in the same match, the individual shall be suspended for at least one Open Cup competition match; and
 - (2) each multiple of 3 yellow cards in Open Cup competition in one year (excluding 2 yellow cards received in the same match resulting in a red card), the individual shall be suspended for at least one Open Cup match.
- (c) A suspension shall be served by the individual at the next Cup match or matches of the team of that individual. If the individual has no remaining Cup matches during the year, the suspension shall carry forward for up to the next ten year's Open Cup competitions (or twenty years in the case of suspensions imposed by the Adjudication and Discipline Panel) and be served at the individual's next Open Cup match for which he would otherwise be eligible.
- (d) The Open Cup Commissioner shall review the circumstances concerning all red and yellow cards issued. If the Commissioner believes that the actions of the individual receiving the card or cards should be further reviewed to determine if a greater penalty than the minimum penalty should be imposed, the Commissioner will refer the matter to the Adjudication and Discipline Panel for further consideration. The Panel shall review a card matter referred to it and may impose a longer suspension period or impose a fine, or both.

Section 306. Protests and General Discipline

- (a) A protest related to an Open Cup match must be filed in writing with the Open Cup Commissioner and delivered via hand-delivery, courier, certified mail, facsimile or electronic mail not later than 4:00 p.m., CT, the day after the match. A cashier's check or money order or wire transfer for \$500 made payable to "USSF" must be received by 4:00

p.m. CT the second business day after the match. The Commissioner shall immediately refer the protest to the Adjudication and Discipline Panel for decision.

(b) Anyone may file a complaint with the Panel about an action or inaction of an Open Cup team, individual, or group or organization participating in the Open Cup competition. The Panel shall determine if the conduct complained of is or would be contrary to the good of the game. The Panel shall take action it considers appropriate in regard to anyone involved in the complaint as provided by subsection (c) of this section.

(c) Except for overturning match results or mandating a replay of the match, the Panel may take any action it considers appropriate, including suspension or fine, or both, for any matter considered by it under this policy. The Panel may only consider mandating a replay of a game or advancing a team that lost if a protest has been filed. The Panel may exercise discretion in cases where a team submits a protest to the Commissioner after the deadline has expired in the event that circumstances regarding the availability of information after the deadline warrant this discretion.

(d) A decision of the Panel under this policy is final and binding unless appealed to the Open Cup Committee. An appeal of a decision of the Panel must be filed in writing with the Open Cup Commissioner not later than 4:00 p.m., CT, of the day after receiving the decision of the Panel, accompanied by a cashier's check, money order, or wire transfer of \$500 made payable to "USSF". The record on appeal is limited to the record before the Panel. A decision of the Committee about the appeal is final and binding.

(e) A party subject to a decision of the Panel or the Committee under this policy may not resort to the courts or other means for relief or restitution from the Federation. As a condition to entering or otherwise participating in the Open Cup, teams, players, and other individuals agree not to seek resort to the courts or other means for relief or restitution from the Federation.

(f) Where the matches are played solely under the auspices of, and delegated to an Organization Member of the Federation, such as in any qualifying matches prior to Round 1 of the Open Cup, the protest or complaint shall be referred to the appropriate Council or Member's Competition Authority and shall be determined according to the Competition Authority's, Bylaws, Rules, Policies and Procedures then in effect.

Section 307. Forfeiture or failure to appear

If a team forfeits or fails to appear timely for a match, the team forfeits the match and must pay a fine that is at least equal to 3 times the entry fee of that team. The Adjudication and Discipline Panel shall determine the amount of the fine.

Section 308. Cancelled and Terminated Matches

(a) Only the Match Commissioner may declare a match cancellation. The Match Commissioner must consult with the teams' General Managers, the referees and a U.S. Soccer representative before any game may be cancelled.

(b) Every attempt shall be made to play the match irrespective of how long the delay. Postponements shall be considered only in extreme situations, such as those that are beyond the control of the participating teams or could endanger the safety of the participants and spectators.

(c) If a match is cancelled because of weather or other act of God, the match must be rescheduled for the next day unless mitigating circumstances prevent this. In the event

that the game cannot be rescheduled for the next day and the teams cannot within 24 hours of cancellation reach agreement on a new match date that is within 7 days of the originally scheduled date, the Commissioner will set the date.

(d) If a match is terminated after the end of the first half of a match, but before the end of the second half with one of the teams winning, and the termination is not due to the conduct of one of the teams, the match is considered complete, and the team winning at the time of the termination shall be the winner.

(e) If a match has kicked off and is terminated prior to the end of the first half or is otherwise tied at the time of termination and the termination is not due to the conduct of one of the teams, the match shall be replayed in its entirety if the rescheduled date is three or more days following the originally scheduled date. If the rescheduled date is within two days of the originally scheduled date, the match shall be restarted at the point of termination.

(f) If a match is abandoned because of the conduct of a team in the match, the other team shall automatically be awarded a win and the team engaging in the misconduct shall be awarded a loss. If a game must be abandoned due to the misconduct of both teams, the referee will file a complete report and the status of the game will be decided by the Open Cup Commissioner. The Commissioner will immediately refer the matter to the Adjudication and Discipline Panel for a recommendation before issuing a decision.

Section 2. General Provisions

The Federation will cooperate with each professional league and professional team in establishing procedures for the use of players for such Federation purposes and, to the extent possible, in avoiding scheduling conflicts.
- (e) No professional league may admit teams into the league in violation of these policies.

Section 3. Rules and Discipline

- (a) Every professional league must have its own Rules and Discipline Committee (RAD).
- (b) Each professional league must have a written plan for determining the imposition of rules and discipline internally to the league, regarding players, owners and all similar or other events related to league operations that are subject to the jurisdiction of the Federation. Well developed due process, documentation, and procedural mechanisms must be included in these plans.
- (c) Each league must have rules to cover disputes or complaints and events that occur internally and externally to the league in five categories:
 - (1) a complaint about events that occur on the field of play during a game, pre-game or post game, affecting some component or outcome of the game. These complaints have a direct bearing on the game, future games and/or a game's outcome:
 - (A) players, field and or bench including coaching and/or statistical or other persons supportive of the game itself.
 - (B) management, coaches, trainers and related personnel.

(C) fans, spectators or camera-media persons.

(2) a complaint between team management and another team's management and/or players that is not about events upon the field or surrounding a game. These complaints are purely business and have no direct impact on a game's outcome.

(A) a complaint about the league, league office, staff member and/or league official.

(B) a complaint about a referee, assistant referee, or related official.

(C) a complaint about a professional player of the league the events of the complaint originating externally to the professional league (recreational, amateur or other non league events) that will be evaluated by the professional league's rules and discipline process for the possible imposition of sanctions against the player within the professional league.

(d) Each of the complaint processes must include structured and timely due process practices and documentable processes that create a professional and complete record of the handling of the complaint from filing to resolution. The Federation Appeals committee will be capable of being the final appealable step in each of these professional league practices.

(e) All professional leagues must have a complete RAD process in place. One complete copy of each league's rules must be provided to the Federation Office.

(f) (1) All externally generated complaints, rules and discipline originating from any other member of the Federation family shall be determined under Part VII of the Bylaws.

(2) All actions of any kind being undertaken by any Federation Organization Member regarding any person involving and/or against any professionally registered player, coach or league official of any description originating externally to the professional league must be immediately reported by the individual under external review (player, coach, etc.) to the league designated official in the RAD process. Each league may designate the form of this notification but it must be in writing and a copy is to be sent to the USSF National Appeals Committee in Chicago.

(3) This notice to the league RAD official must take place within 72 hours (exclusive of Saturday and Sunday) of when notice was provided to the affected individual of the impending action against that individual by the Federation Organization Member of FIFA entity. Should this notice not be timely and honestly provided to the league and Federation the penalties imposed by the affiliated entity (if any) will without exception be mirrored by penalties imposed by the league itself against the player. By example, if the notice is not provided the league and Federation, then a penalty of three (3) months suspension would be imposed in every Federation related or affiliated entity without exception if that were the penalty meted out in the other entities hearing.

(4) (A) Should the player or other person being evaluated for a potential rules violation externally to the professional ranks provide notice to his or league, as indicated in these rules, then and only then will the professional

league have the ability to hold off discipline internally to that league's games and events until the process involving the player is completed externally. The league official must monitor the external process and must be provided a copy of all documents and other data regardless of form (tapes, videos, print, etc.) utilized or available for utilization in the hearing and appeals processes which occur against the professionally registered or designated individual.

(B) Provision of these documents is to be ongoing and cooperative as the process of the hearings and potential appeals occur.

(C) The professional league does not need to wait until the external process is concluded against the individual and is encouraged to make a case by case decision whether to wait or not and to balance the best of interests of the professional game, availability of facts and testimony and other professional requirements in deciding when to move to a decision within the professional league that impacts the individual. These decisions must look to a balancing of the good of the game and our social soccer culture at all levels.

(5) Should the individual player not provide timely notice of the impending external inquiry to the professional league, the penalties imposed external to the professional league will be identical at every level of the game.

(6) The professional league will be capable of imposing any penalty deemed reasonable within the professional league (upon proper notification processes by the player as detailed above) for the events that occur external to the league so long as these penalties, imposed or avoided, do not violate other rules and requirements of the Federation and/or FIFA regarding such matters.

(7) The penalties (if any) imposed by the non-professional Federation organization will be applied universally within the Federation family with the possible exclusive exception of the professional league, penalties, or avoidances, noted under the circumstances and requirements as detailed above.

(8) Every professional league decision on such matters must be reduced to writing and provided upon a timely basis to the Federation National Appeals Committee. The report should provide a case history and detailed writing of the process undertaken, facts considered and the decisions underlying significance to the professional league especially when a decision is made that reduces the imposed penalties within the professional league below that of the external entities decision.

Policy 202-2—Professional Leagues Policy Against Referee Assault

Section 1. Misconduct against referees may occur before, during and after a match, including travel to and from a match.

Section 2. All Professional League Members shall adopt and enforce policies prohibiting misconduct against referees that meet the following minimum criteria:

(b) Referee Abuse.

- (1) Any player, coach, manager, club official, or league official who threatens through a physical act or verbal statement, either explicitly or implicitly, a referee (“Referee Abuse”) shall be suspended for a period of at least three consecutive matches (the “Abuse Suspension”). (c) Referee. For purposes of this section 2, a “referee” shall include the referee, assistant referees, and fourth official.

(d) Match. For purposes of the Assault Suspension and the Abuse Suspension, a “match” shall mean any official match of that individual’s team in the Professional League Member for which there is paid attendance, i.e., regular season, playoff, officially sanctioned cups and tournaments, and international games played in the United States.

Section 3. This policy shall apply only to players, coaches, managers, club officials, or league officials while participating in Professional League Member activities. The Assault Suspension and Abuse Suspension (the “Suspension”) shall preclude the suspended individual from participating in any soccer competition until the suspension has expired.

Policy 202-3—Professional League All Star Games

Professional League members of the Federation shall not have more than one “all-star game” per year. For purposes of this Policy, an “all-star game” shall mean any game in which a team’s roster is comprised of players from more than one league team and includes more than 5 players from the Federation’s National Team player pools.

Policy 212—Reporting Risk Management Disqualifications

Every Organization Member which has a risk management program shall submit to the Federation the following information within ten business days of any action, and again in a report submitted at least once per year: (1) the names and dates of birth of any individuals disqualified from participation or thereafter reinstated under the Organization Member’s risk management program and (2) the reasons such individuals were disqualified or reinstated.

Policy 212-1—Participation in Affiliated Organizations

Preamble: The purpose of this policy is to clarify terms under which participants may participate in the various programs offered by Organization Members. This policy should be read in conjunction with Bylaws 212 and 603.

Section 1. For purposes of this policy, the following shall apply:

- (a) “Affiliated Organization” means any Organization that is a member or identifiable subset of any USSF Organization Member.
- (b) “Organization” means a club, league, team, association, or other group of Participants.
- (c) “Organization Member” shall have the meaning set forth in USSF Bylaw 109.
- (d) “Participant” means any player, coach, trainer, manager, administrator, or official that is sponsored, financed, coached, organized, or administered by an Organization.
- (e) Any reference in this policy to registering with, becoming a member of, or complying with the requirements of an Organization Member may include registering with, becoming a member of, or complying with the requirements of a member of that Organization Member.

Section 2. Every Participant in every Affiliated Organization must be registered with at least one Organization Member. A Participant may be registered with more than one Organization Member.

Section 3. If an Organization that is not an Affiliated Organization wishes to become a member of an Organization Member, that Organization Member must require that the Organization comply with section 2 of this policy, either by registering every Participant in that Organization with that Organization Member or by providing reasonable proof (including, for instance, a verification letter from another Organization Member of the number of players registered from that Organization) upon request that every Participant that it does not register with that Organization Member is registered with another Organization Member.

Example: A club with 5,500 players wishes to join an Organization Member (OM-USA). The club is not currently affiliated with any Organization Member. If the club wants to

register only a portion (for instance, 1,000) of its players with OM-USA, OM-USA must reject the request unless the club either agrees to register the other 4,500 players with OM-USA as well, or agrees to register these 4,500 players with another Organization Member.

If, however, the club is affiliated with another Organization Member already, and wishes to register only 1,000 players with OM-USA, the club must provide reasonable proof if requested to OM-USA of registration of the other players with the other Organization Member, and then OM-USA must allow the club to register only those 1,000 players (subject to section 4 of this policy).

Section 4. An Organization Member must allow Participants from any Affiliated Organization to participate in its programs if those Participants register and comply with all of the reasonable policies, rules, regulations, and requirements of the Organization Member.

(a) Each Participant (and only those Participants) that actually participates in the programs of the Organization Member must register with the Organization Member and pay any applicable registration fees.

(b) An Organization Member must allow a group of Participants from any Affiliated Organization to participate in its programs if that group of Participants complies with all reasonable policies, rules, regulations, and requirements of the Organization Member. For purposes of this section, “reasonable policies, rules, regulations, and requirements” may include but are not limited to the following:

- (i) A requirement that the group of Participants be of a minimum size (such as having a minimum number of players, teams, or age groups);
- (ii) A requirement that the group of Participants includes a minimum percentage or number of recreational players, unless the group of Participants are already registered with another Organization Member and are directly affiliated with a group of recreational players who could satisfy this minimum requirement;
- (iii) A requirement that the group of Participants follows all team formation rules;
- (iv) A requirement that the group of Participants follows all competition rules (such as numbers of players per team, game rules, and team selection rules);
- (v) A requirement that the group of Participants follows all licensing and certification rules (such as rules relating to referee certifications and coaching licenses);
- (vi) A requirement that the group of Participants observes rationally supportable geographic rules of the Organization Member;
- (vii) A requirement that the group of Participants be subject to all disciplinary rules of the Organization Member;
- (viii) A requirement that the group of Participants identifies a board or governing body that will handle administrative issues and be responsible for compliance with applicable Organization Member rules (but the Organization Member may not mandate that the group of Participants form a new corporation or entity, or identify a different board or

governing body than the one already running the Affiliated Organization);
and

- (ix) A requirement that the group of Participants meets standards of financial accountability and transparency as well as any insurance and risk management standards.

(c) For purposes of this Section 4, an Organization Member must apply its requirements consistently.

Policy 212-2—Mandatory Liability Insurance

All Organization Members that register amateur players shall obtain a Comprehensive General Liability Policy (“Policy”) not less than one million dollar per claim/two million dollar aggregate. The Policy shall provide general liability insurance coverage for the Organization Member, its leagues, clubs, teams, registered players and staff. The Policy shall name the Federation as an additional insured and shall have the flexibility to allow other entities including owners and lessors of premises, sponsors and co-promoters, coaches, officials, and volunteers while acting in their roles of supporting the Organization Member to be named as additional insured. The Organization Members shall comply with this Policy the sooner of the Organization Member’s next fiscal year or January 1, 2015 if they do not have any current general liability insurance. If an Organization Member has a current Policy that does not meet the criteria in this Policy, it shall comply with this policy within sixty days of the next renewal date of the current Policy but no later than within twelve months after this Policy is adopted. Every Organization Member must submit to the Federation a certificate of insurance evidencing compliance with this policy annually.

Policy 212-3--U.S. Soccer Athlete and Participant Safety Policy - Standards for Organization Members

Policy Statement:

Each Organization Member that is an “**Applicable Entity**” under Title II of the Sports Act as amended by the SafeSport Act or other Organization-Member with non-professional soccer programs (collectively, “Amateur Organization Members”) in which adult members have regular contact with Minor Athletes must maintain, as part of that risk management program, an athlete and participant safety program that includes the six components listed below. In addition, any *other* Amateur Organization Member that does not have adult participants who are in regular contact with amateur athletes who are minors must nonetheless maintain, as part of the risk management program required under Bylaw 212, policies that include at least a Prohibited Conduct Policy consistent with Paragraph 1, below, an Education and Training Policy consistent with Paragraph 3, below, and prevention policies that comply with the Center’s MAAPP and contain all the requirements and provisions of the model policies included in Appendix A of the Safe Soccer Framework.

To allow Amateur Organization Members adequate opportunity to ensure policy changes and compliance, the required policies must be issued by January 1, 2022, and procedures and communications regarding these requirements must be issued in a manner calculated to effect compliance on or before January 1, 2022, but are nonetheless urged to complete compliance as early as practicable.¹ Effective January 1, 2022, any Amateur Organization Member not in compliance with this Policy 212-3 will be subject to enforcement as provided in Section 6,

below.

1. Prohibited Conduct Policy

Amateur Organization Members must implement and enforce a policy or code of conduct that prohibits misconduct including bullying, hazing, harassment (including sexual harassment), emotional misconduct, physical misconduct, and sexual misconduct, as those terms are defined by the U.S. Center for SafeSport's SafeSport Code for the U.S. Olympic and Paralympic Movements (the "**SafeSport Code**").²

This policy must apply to all activities under the Amateur Organization Member's jurisdiction and at least to (1) Amateur Organization Member employees and board members; (2) the members of such Amateur Organization Member; (3) amateur athletes who are minors or referees who are minors (collectively, "**Minor Athletes**"); and (4) *any* adult individuals the Amateur Organization Member authorizes, approves or appoints to have Regular Contact (as defined in the Safe Soccer Framework) with or authority over Minor Athletes (collectively, "**Adult Participants**"). This policy must also prohibit retaliation against individuals making good faith reports of misconduct.

2. Appropriate Background Screening

All Amateur Organization Members with Minor Athletes must implement and enforce a policy that requires appropriate background screening of at least adult individuals authorized to have regular contact with or authority over Minor Athletes by the earlier of 1) prior to Regular Contact with a Minor Athlete; or 2) within the first 45 days of the individual taking on the role giving them access to Minor Athletes.

At a minimum, the policy should include screening against applicable sex offender registries in the relevant state and a check against the Amateur Organization Member's suspension database, U.S. Soccer's disqualification list, and the SafeSport disciplinary records available at: www.safesport.org³.

An Organization Member may decide that its background check requirements will not apply to certain or all people under 18 years of age, provided that it clearly publishes that fact in its policy documentation.

3. Education and Training

Amateur Organization Members implement and enforce a policy (1) requiring education and training designed to meet the Amateur Organization Member's obligations under this Policy, the SafeSport Act, and the MAAPP for (a) Amateur Organization Member employees and board members and (b) Adult Participants who have Regular Contact with or authority over Minor Athletes, in each case as a condition to participation, and (2) subject to parental consent, offer and provide training to Minor Athletes. The Policy should require the following:

¹ These dates are applicable to U.S. Soccer's Policy 212-3 and provide the date by which U.S. Soccer will enforce compliance with Policy 212-3. Organization Members are advised that the SafeSport Act became effective February 14, 2018.

- II. Adult Participants who have authority over any amateur athlete(s) who is a minor;
- III. Adult Participants who are employees or board members of an Amateur Organization Member.

Adult Participants who are medical providers required to take training under Section (a) can take the Health Professionals Course in lieu of the SafeSport Trained Core.

These policies must require Adult Participants to complete the U.S. Center for SafeSport's Core SafeSport Training (i.e., the Center's online training or the Center's approved in-person training), and as applicable, follow-up refresher course training, with any new Adult Participants to receive initial training upon the earlier of:

- Before Regular Contact with an amateur athlete who is a minor begins, and
- Within the first 45 days of either initial membership or upon beginning a new role subjecting the adult to this policy.

Each Amateur Organization Member must track whether its Adult Participants have completed the training required by Section 3.

B. Refresher Course(s) for Adults

The above listed Adult Participants must complete a refresher course on an annual basis, beginning the calendar year after completing the SafeSport Trained Core. Every four years, Adult Participants will complete the SafeSport Trained Core training. C. Training for Minor Athletes

Amateur Organization Members with Minor Athletes must – subject to parental consent – offer and provide the U.S. Center for SafeSport's minor athlete training regarding the prevention of child abuse to any Minor Athletes on an annual basis. 4. Reporting

Amateur Organization Members must maintain a procedure for reporting misconduct, including violation of the SafeSport Code or the MAAPP, to the Amateur Organization Member and, to the extent required by the SafeSport Act, mandate reporting to appropriate law enforcement authorities and/or the Center for SafeSport. The procedure should be clear that reporting may be made anonymously, and that no direct fees or other cost is involved in making a report. Each Amateur Organization Member must also maintain a policy prohibiting retaliation against individuals making good faith reports of misconduct.

5. Limiting One-on-One Interactions – Required Policies

All Amateur Organization Members are required to establish policies to limit one-on-one interactions between Minor Athletes and any Adult Participant who is not their legal guardian (“Prevention Policies”). These policies must comply with all requirements of the Center’s MAAPP and must contain all the required elements of the model policies included as Appendix A to the Safe Soccer Framework. The policies must address the topics below by January 1, 2022, and require full compliance with MAAPP policy requirements by the same date:

B. Implementation

The mandatory components set forth in the model policies contained in Appendix A of the Safe Soccer Framework set a minimum standard and comply with the Center’s MAAPP requirements. In implementing the required policies, an Amateur Organization Members may choose to implement a policy that is stricter than the model policy, if it includes or is stricter than the mandatory component.

6. Enforcement

A. By Organization Members

Each Amateur Organization Member must enforce its Athlete & Participant Safety Policy and Prevention Policies, consistent with the SafeSport Act and the Center's MAAPP. Specifically, violations of the policy must be subject to an appropriate grievance process that is materially free of bias and conflicts of interest, to address allegations of misconduct following the report or complaint of misconduct. This grievance process must include the opportunity for review by a disinterested individual or body and a right to appeal a final decision rendered by an Amateur Organization Member's process pursuant to U.S. Soccer Bylaw 704.

B. By U.S. Soccer

Pursuant to Bylaw 212, U.S. Soccer reserves the right to, either directly or through a contracted third-party service provider, survey, audit, require certifications of compliance with, and otherwise review compliance by its Amateur Organization Members with this policy. Failure of any Amateur Organization Member to issue and implement the policies required by this Policy 212-3 will constitute a violation of Bylaw 212 Section 1.

Section 8. Professional Players Registered as Amateur Players

If the Federation receives written allegations that a player registered as an amateur player has received remuneration other than actual expenses incurred during the course of the player's participation in any activity connected with playing for the team, the player is suspended on the 5th day after the Federation notifies the teams of the allegations. The team is not in good standing with the Federation as of that 5th day unless, during the 5-day period, the team provides acceptable documentation to the Federation that the player had not received such remuneration. The player remains suspended until properly registered as a professional player and the appropriate registration fee is paid, and the team remains not in good standing until it pays a penalty of \$1,000. This penalty is to be paid for each unregistered player. The team remains not in good standing with the Federation until each unregistered player is properly registered with the Federation and the appropriate registration fee is paid for each player and the penalty is paid.

(c) if the number of panelists designated under clauses (a) and (b) of this paragraphs is an even number, one additional panelist designated by the Secretary General.

(2) If a panelist, other than the Chairman, does not attend a scheduled meeting of the panel, the panelist waives his or her right to attend and participate in the meeting of the panel. The panel may meet and has the authority to act based only on those panelists attending. If the Chairman does not attend, the Secretary General may designate another Chairman.

(A) Each party at a hearing shall have the right to have an individual present at the hearing to assist the party in presenting the party's case. Such individual may, but shall not be required to be, an attorney.

(B) If the Organization Member or member of the Organization Member (“Complainant”) is represented by another individual at any hearing and the hearing panel allows that individual to speak, question the parties and/or witnesses, or grants that individual any other rights, then it shall afford all other parties, or the individual representing the party, including an attorney, the same rights during the course of the hearing as is allowed to the individual representing the Complainant.

(C) If an attorney is present at a hearing to assist a party in presenting the party’s case, it shall be made clear at the commencement of any such hearing that the hearing shall proceed in accordance with the Organization Member’s hearing rules and procedures. All Federal, State or local Rules of Evidence or Civil Procedure shall not be applicable.

(D) An Organization Member may provide, as part of its hearing rules and procedures, that an individual assisting a party may be allowed to speak on behalf of the party, make requests or ask questions at the hearing.

(E) Regardless of whether the Organization Member allows the individual assisting the party the rights to speak, make requests or ask questions, as noted in Paragraph D above, an individual assisting the party in presenting the party’s case shall have the right to be physically present in the hearing room, and so as not to interfere with the hearing procedure, it is also recommended that the individual be seated close to the party (either behind or next to the party) so that the party may seek assistance when desired during the course of the hearing.

(F) During the course of the hearing, the party may confer briefly with the individual who is assisting before making a statement or request or prior to responding to a question. The panel conducting the hearing may limit the frequency and duration of the conferences so as not to unduly interfere with the proceeding.

(G) If there is confusion or concern, the party may request a recess to confer with the individual assisting the party. Such a request should be granted unless the number of requests by a party becomes unreasonable or the length of a requested recess is deemed by the hearing panel to be unreasonable.

(H) An individual assisting a party may prepare written materials for the party and collect documents for the party. However, the party must submit or present the materials and documents as materials and documents of the party, and not of the individual assisting. The party has complete responsibility for those materials and documents and is subject to questioning about them.

(I) Nothing contained in this policy shall prevent an Organization Member from allowing greater rights to assistance than those set forth in Paragraphs A-H above. For example, an Organization Member may, but shall not be obligated to, allow more than one individual to assist a party at any given time.

(J) The rights, either mandatory or permissible under this policy, shall be consistently applied, and the Organization Member should not arbitrarily allow or disallow the rights set forth above to those individuals assisting a party in the presentation or defense of the

party's case.

Policy 703-1—Grievance Procedures

Section 1. Hearing Procedures.

For all grievance hearings held pursuant to Bylaw 703, the following hearing procedures shall apply:

- (1) If the Hearing Examiner determines that a hearing is required as provided by section 3(c) of Bylaw 703, the Federation staff shall consult with the Hearing Examiner and the parties to the grievance and determine a mutually convenient time and place to hold the hearing, subject to the requirement of section 3(c) that the hearing take place no later than ninety (90) days after the complaint was filed.
- (2) The Federation staff shall provide written notice to all parties of the date, time, and location of the hearing.
- (3)
 - (a) The written notice required in paragraph (2) of this section 1 shall also include a date by which each party shall provide to the other parties and to the Hearing Examiner: (i) a complete list of any witnesses the party will call to testify at the hearing; and (ii) a complete set of any documents, pictures, or other evidence the party will rely upon at the hearing. The date by which this material is due shall be no later than seven (7) days prior to the hearing date and each party shall be permitted to supplement its list of witnesses and/or submit additional documents, for purposes of rebuttal only, within three (3) days of receipt of an opposing party's submissions. Except for good cause shown, or where an opposing party consents, the Hearing Examiner shall not accept any written evidence or allow the testimony of any witness not already disclosed pursuant to this subparagraph (a).
 - (b) If a complainant files a brief or other statement in support of its complaint prior to the hearing, its brief or other statement is due not later than ten (10) days prior to the hearing. If a respondent files a brief or other statement in opposition to the complaint prior to the hearing, its brief or other statement is due not later than five (5) days prior to the hearing.
 - (c) The Hearing Examiner may allow the parties to file written closing statements after the hearing by the date established by the Hearing Examiner. Those statements shall not exceed five (5) pages in length, double-spaced, on 8½ x 11 inch paper, unless specifically permitted by the Hearing Examiner.
- (4)
 - (a) Unless otherwise agreed to by the parties, each party shall have equal time to present its case, not to exceed three (3) hours. However, if there is more than one complainant, the complainants shall divide the maximum allocated time of not more than three (3) hours among the complainants. If there is more than one respondent, the respondents shall divide the maximum allocated time of not more than three (3) hours among the respondents. The order of presentations shall be as follows:

- (i) opening statement(s) of complainant(s)
- (ii) opening statement(s) of respondents
- (iii) presentation of evidence by complainant(s)
- (iv) presentation of evidence by respondent(s)
- (v) presentation of rebuttal evidence by complainant(s)
- (vi) presentation of rebuttal evidence by respondent(s)
- (vii) closing statement(s) by complainant(s)
- (viii) closing statement(s) by respondent(s)

The Hearing Examiner shall have full discretion to grant requests to change the order of presentation, add or subtract presentation windows, or alter the time limits as he/she sees fit.

(b) The following shall be charged against the time allocated to the complainant(s) to present their case: items (i), (iii), (v), and (vii) specified in subparagraph (a) of this paragraph (4), all time used in arguing matters regarding the respondent's opening statement(s) and closing statement(s) of respondent(s), and the cross-examination conducted during the presentation of the case by respondent(s) under items (iv) and (vi) specified in subparagraph (a).

(c) The following shall be charged against the time allocated to the respondent to present their case: items (ii), (iv), (vi), and (viii) specified in subparagraph (a) of this paragraph (4), all time used in arguing matters regarding the opening statement(s) and closing statement(s) of complainant(s), and the cross-examination conducted during the presentation of the case by complainant(s) under items (iii) and (v) specified in subparagraph (a).

(d) For any motion or other matter presented at the hearing, each party will be allowed up to five (5) minutes to argue the motion or other matter without any time being charged either party. However, if additional time is needed by a party, the additional time shall be charged against the time allocated to that party.

(e) The Hearing Examiner shall have full discretion to grant requests to change the order of presentation.

(5) At the hearing, minors, whether they be witnesses or principals to the grievance, who have not attained the age of 18 must be accompanied by a parent or legal guardian.

(6) If witnesses cannot be at the hearing, they may give telephonic testimony if the Hearing Examiner and the parties can hear the telephonic testimony and ask questions of the witness.

(7) An attorney or other advisor may counsel a party at a hearing, and may present oral arguments and question that party's own witnesses. Unless permitted by the Hearing Examiner, however, neither a party nor the party's advisor shall be permitted to cross-examine the opposing party's witnesses directly. A party may direct questions to the Hearing Examiner, who will ask the appropriate individual for an answer if the Hearing Examiner deems the question relevant.

(8) For all other hearing procedures not specifically addressed in this Policy or the Bylaws, the hearing shall be governed according to the American Arbitration Association's Commercial Arbitration Rules, except that the Hearing Examiner shall have the full discretion to alter those rules and procedures as the Hearing Examiner sees fit.

Section 2. Hearing Examiner's Decision.

A decision of a Hearing Examiner is final unless appealed as provided by section 4 of Bylaw 704 and section 4 of this Policy.

Section 3. Amicus Briefs.

As provided by section 3(b) of Bylaw 703, any Federation Organization Member who is not a party to the grievance shall have the right to file an amicus brief with the Hearing Examiner, setting forth any issues, arguments, or other matters that it feels are relevant to the grievance and the Hearing Examiner's resolution thereof. In addition, the Federation shall have the right to file a brief with the Hearing Examiner, with copies to all parties, providing relevant information that the Federation believes would be helpful to the Hearing Examiner, so long as such brief does not offer an opinion as to how the grievance should ultimately be resolved. Any such brief shall be no longer than ten (10) pages in length, double-spaced, on 8 ½ x 11 inch paper. Any such brief filed in support of the complainant shall be filed and served on all parties on the earlier of (i) fifteen (15) days after the answer to the complaint is filed, or (ii) fifteen (15) days prior the hearing. Any such brief filed on behalf of the respondent, and any Federation brief, shall be filed and served on all the parties on the earlier of (i) ten (10) days after the filing of the last such brief filed in support of the complainant, or (ii) ten (10) days prior to the hearing.

Section 4. Appeals.

(1) Upon issuance of a written decision by the Hearing Examiner resolving the grievance, either party may appeal this decision to the Federation's Board of Directors. Any such appeal must be submitted within ten (10) days of official receipt of the decision. An appeal is initiated by sending the following items to the attention of the Federation's Secretary General:

(a) A written submission stating the grounds for appeal, including all arguments in support of the appeal. This written submission shall be no longer than ten (10) pages in length double-spaced, on 8 ½ x 11 inch paper. The appealing party shall send a copy of this written submission to all other parties to the grievance.

(b) A money order or cashier's check in an amount equal to the appeals fees determined under section 3 of Bylaw 704.

(2) Any non-appealing party in a grievance shall have the right to submit a brief in opposition to the appeal within ten (10) days of receipt of the appeal. No other briefs or submissions shall be accepted in connection with the appeal.

(3) The appealing party's written submission and any opposition briefs shall be presented to the Board of Directors for final resolution of the appeal. As provided by section 4 of Bylaw 703, the Hearing Examiner's decision may be overturned or amended only by a

two-thirds vote of the Board of Directors. There shall be no further right of appeal to any other Federation body from a determination of the Board of Directors.

Policy 704-1—Appeals Committee

Section 1. The Chair of the Appeals Committee (AC) and its members shall be appointed by the President, subject to the approval of the Board of Directors. The AC shall consist of at least twenty (20) members, at least 20% of whom shall be Athletes.

Section 2. Three (3) members of the AC shall constitute an Appeals Panel (AP) for the purposes of considering and determining any appeal brought pursuant to Bylaw 705. In any appeal involving an Athlete, at least one (1) member of the AP shall be an Athlete member of the AC. In order to maximize the expertise of the AP and avoid conflicts of interest, the Chair of the AC shall select the AP as the need arises. The Chair shall also designate one member of the AP to act as the AP's Chairperson, who shall, among other things, be the member of the AP responsible for ensuring that the appeal is considered and determined within the time periods prescribed by the Bylaws. No member of the AP may be from the State Association of the parties.

Section 3. Appeals shall be considered and determined by the AP in person or by telephone conference call at the Chair's direction; consideration and determination of an appeal shall be closed to the public and the parties. The AP may decide to allow oral argument either in person or by telephone, with all parties having the opportunity to participate, before its consideration and determination. If allowed, the AP may set time limits for the oral argument and may hold the oral argument on a day prior to the date the AP will consider and determine the appeal. If the AP decides that oral argument is not necessary, then the AP shall decide the matter based upon the record and the parties' written arguments.

Section 4. The appellant shall bear the burden of showing that the decision being appealed from is clearly erroneous.

Section 5. No new evidence may be presented to the AP unless circumstances have materially changed, or new facts are discovered that were unavailable at the time of the hearing from which appeal is being taken. In such cases, the AP may allow that such new evidence be presented to it provided all parties to the appeal have been given notice and are given an opportunity to respond to the materially changed circumstances or previously unavailable or undiscovered facts.

Section 6. If an appellant fails to submit arguments by the deadline for submitting appellant's arguments and no continuance has been granted by the AP, the appeal shall be considered abandoned. If oral argument is allowed and the appellant fails to participate in oral argument without excuse, the appeal shall be considered abandoned.

Section 7. The AP shall issue a final written decision within ten (10) days after it has considered and determined the appeal, however, not more than twenty (20) days after initial consideration except for just cause.

Section 8. The decision rendered by an Organization Member from which an appeal is taken may be suspended by the AP only upon written application by the appellant which accompanies the

Notice of Appeal and the finding by the AP of good cause shown. Good cause shown may only be made upon a unanimous vote of the AP and a written decision which specifically states that there is a strong likelihood of success upon the appeal and that circumstances are present which clearly show that the appellant will suffer irreparable harm unless the decision from which the appeal is taken is suspended pending the determination of the appeal. The decision of the AP regarding suspension of the decision pending determination of the appeal shall be final and may not be further appealed.

Policy 704-2—Appeals Record

The appeals record shall be submitted by the Organization Member using the format attached hereto. The appeals record shall contain, at a minimum, the following:

1. All documents, exhibits and other evidence in the case.
2. Copies of all rules, procedures, and bylaws used to support the charges and to conduct the hearing.
3. The notice of charges and/or hearing provided the defendant/appellant.
4. The decision of the hearing body and any appeals decisions.

The record shall:

1. be numbered in chronological order
2. be indexed
3. contain only one copy of each document.

If audio or videotapes are made part of the record, there must be four (4) copies of any such tape delivered to the Federation.

If a written transcript has been prepared, it shall be included as part of the record.

The record must be in English. If Members accept documents in other languages, then the Member shall be responsible for providing English translations of the documents prepared by a neutral translator agreed to by the parties.

If the record is not submitted in accordance with this policy, the appeal timetable may be put on hold pending the completion of the record or the appeal may be dismissed. If the appeals timetable is put on hold, the appealing party may apply to the Federation to have their penalty suspended until the case is decided.
