President Contiguglia remarked on the success of the national team programs, and congratulated the L.A. Galaxy for qualifying for the World Cup Championships.

Dr. Contiguglia gave a report on U.S. Soccer’s finances and potential fee increases. In response, Mike Edwards then stated that:

After meeting with the representatives of the amateur and youth associations, in the interests of addressing the immediate concerns of funding for the Federation and to provide a venue through which we can have assistance in selling the strategic plan to our membership, I propose the following resolution and MOVE its adoption by the Board of Directors:

“On behalf of USASA, USYSA and AYSO, I move the following: Fee increase effective September 1, 2001; a 50 cents increase for adult and youth amateur players, a doubling of the fees for the professional division as included in the handout distributed in today's meeting, such fee increase contingent on the following actions:

First, appointment of a committee comprised of three representatives of each of the four councils and one national officer, with each council to provide recommendations for the president to consider. The committee to be charged with working with the Secretary General to review the complete financial operation of the Federation and recommend programs, program changes and allocation of resources and to determine how the increased fee shall be allocated.

Second, the proposed national council meeting in March be voluntary and not a business meeting.
Third, the committee reports back to the Board in time for the Board to act at its May meeting so that the increase may be adopted by a vote of the National Council at the Annual General Meeting in July with the support of the officers of USASA, USYSA and AYSO."
